

2012 GTOAA NATIONALS

MODEL CAR CONTEST CLASSES

- **Plastic Pontiacs** - Self-explanatory. Any plastic or resin-based Pontiac model, regardless of scale, that requires paint.

- **Pre-Finished Pontiacs** - Again, self-explanatory. Diecast and/or Plastic Pre-finished Pontiacs, regardless of scale. This class will consist of diecast and/or plastic pre-finished kits, or even modified diecasts, something that is taking place on a larger scale, with the ready availability of more diecast raw material.

Both classes could now conceivably include any Pontiac (i.e., Firebird Formulas and Trans Ams, Fieros, Venturas, Catalinas, Bonneville), currently available. The determining factor will not be the make of the model, but rather its composition (plastic, diecast, pre-finished).

These two broad categories are divided up into three (3) distinct age groups:

Junior - 10 years old and younger

Senior - 11 years old to 16 years old

Adult - 17 years old and above

This gives everyone a chance to compete at his or her own level in two classes, thereby offering a bit more of a chance at an award. The awards consist of First, Second, and Third place in each of these age groups and categories, making for a grand total of eighteen (18) awards, nine in each category, or, looking at it in a different way, six (6) awards per age group, to be handed out to the lucky winners.
